

Hymn Song

Utah Phillips

I believe if I lived my life again
I'd still be here with you
I believe if I lived my life again
I'd still be here with you

You know I think if Lady Luck was blind
That old sun would never shine
You know I think if Death really held a knife
We'd all be beggars of life

I believe if I lived my life again
I'd still be here with you
I believe if I lived my life again
I'd still be here with you

Sometimes I wish that I could close my eyes
To some things I don't want to see
But I believe if you lived your life again
You'd still be here with me

I believe if I lived my life again
I'd still be here with you
I believe if I lived my life again
I'd still be here with you

I'll never see the ending of my mind
Everything will have a time
Why should I ask for things that I don't need
Or pretty lies to hide my greed

I believe if I lived my life again
I'd still be here with you
I believe if I lived my life again
I'd still be here with you
