

No Place Like Home

Songwriters: Todrick Dramaul Hall / Jean-Yves G. Ducornet / Carl Seante McGrier / Kofi A. Owusi-Ofori

Pay no attention
to the man behind the curtain
He's a brainless, heartless, coward
with no power
That's just another trick of his
He ain't no wiz

don't fear his fire
Jump in my balloon,
I'll take you higher
Take you somewhere over the rainbow
Get your ticket to the show
Heels click, and here we go
Cuz you already know

There's no place like (home)
Uh
There's no place like (home)
There's no place like (home)
There's no place like
(We're straight outta Oz)
There's no place like home

It's where the heart is
Some brainiacs will tell you
home is where your house and car is
But if you're brave enough
to love the ones you hate the hardest
You might find (home)
You might find (home)

Cause sometimes
home is where your deepest scar is
Society will try to cast you
where they think your part is
Give awards and accolades
to what they think a star is
But go find your (home)
Go find your (home)

Pay no attention
to the lies they try to feed you
It's a wicked, twisted fable
He's not stable
It's just another box of tricks
a crock of shit and good dreams
go wasted

Hoping for the fame
don't let him taste it
He's been stealing dreams
nine to five, Monday to Friday
I'mma tell the story my way
cause the only way home
Ain't on this yellow brick highway

There's no place like (home)
There's no place like (home)
There's no place like (home)
There's no place like
(We're straight outta Oz)
There's not place like

If you're lost out there
in the night
Wishing on stars
wonder who you are
Just know that
you're never alone
And there's no
place like home

And we gon' fight
and we gon' cry
And I'm gon' fight
for you until I die
Right there is like
where you belong
And there's no place
like home

Pay no attention
to the man who tried to change you
He's a dark familiar stranger
But that's the danger
The storm is strong
But it won't be long
And no matter where you roam
There's no place like (home)
